Population Attributes

11.1.2

Population Growth

Body text at 10.8pt for the print-legibility check.

● **Population density** - designated as N .

Species A	Species B	Interaction
+	+	Mutualism
-	-	Competition
+	-	Predation

- 1 Lag phase
- 2 Acceleration
- 3 Deceleration
- 4 Asymptote at K

① **[NOTE]** Natality and immigration raise density; mortality and emigration lower it.

☆ **[MEMORY AID - not in NCERT]** MICE - Mortality, Immigration, Competition, Emigration.

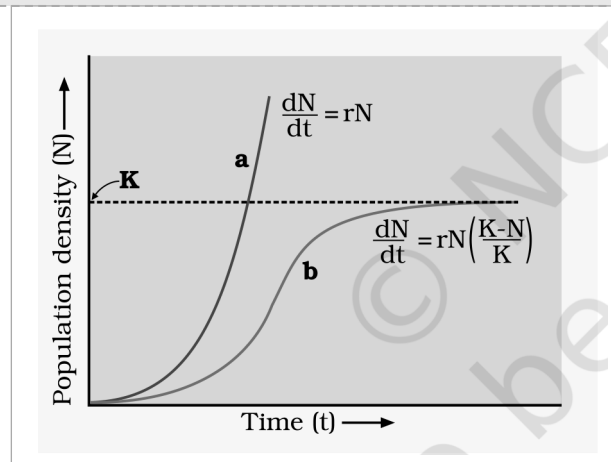

Fig. 11.3 - Population growth curve: a exponential, b logistic, K carrying capacity.

Fig. 11.5 - Showing bee - a pollinator on orchid flower.
